BEAUTIFUL & CREATIVE NETHERLANDS

We hope you saw and experienced some uplifting, beautiful & creative moments during this difficult time. We would like to share some of these moments with you that took place in The Netherlands:

1. 300 illuminated drones swarmed a Dutch hospital to honor frontline workers at the same time as commemorating 75-years freedom after WW2 :

remember this for your own future events

2. Find the 'The Girl With The Pearl Earring'

in the heart of Amsterdam, an abandoned Dam Square – lighting of Vermeer captured, while the 'Girl' misses people. All proceeds of this print went to a fund for struggling young Dutch artists. <http://kallenbachgallery.com/>

3. Especially for children: Go Bear hunting in your neighborhood.

Over 9000 people placed teddy bears in their windows so that children could do a bear hunt through the neighborhoods:
